

High School (9-12)
Spanish II

Pre-requisite: Passing grade in Spanish I
(C- or better)

Teacher: Karen Vandenberg

Building on the knowledge and vocabulary from Spanish I, students will continue developing their language skills of reading, writing, speaking and listening. Students will double their vocabulary and extend their knowledge of the grammar and sentence structure of the Spanish language. Each month the students will memorize a Bible verse, and learn a new song, singing in class with the guitar. We will continue our visits to Spanish speaking countries and learn more of their cultures. Students will also be reading 2-4 novels, participate in a drama production, and will end the school year with a 10 minute speech in Spanish. Class activities will also include TPR and one or more field trips.
