16642 152nd Avenue  
Spring Lake MI 49456

Linda Namenye has been home schooling for 20 years. She and her husband, Steve, have 4 children, three of whom have graduated out of their home school and are now in college. Linda is very involved with her church's prayer ministry. She has a degree in Music Therapy from Western Michigan University. Besides teaching at home, Linda also works part time with her husband in his tax practice.

Linda has also been teaching study skills to students for over 23 years. She focuses on skills that will help your student be more organized while achieving better grades/understanding in the subjects they study.

## **9th - 12th GEOGRAPHY**

We will be studying each of the continents to find out how they are uniquely made by God. This hands-on, active course will help high school students know the locations of physical land formations such as rivers, mountains, deserts, etc. We will also discover more about the people who live on each of these continents. This class will go "around the world in 34 weeks" without leaving the classroom!  
(Foreign field trips not included in this class.)

### Books:

Abeka World Geography text book #12815

Abeka map studies booklet # 59862

### Fees:

A copy fee of \$15.00 made payable to Mrs. Namenye the first day of class.
